

Verification Form-Option for Meeting Physical Education Requirement

Student Name _____ Grade: _____ Date: _____

I am choosing to use my participation in _____ as an option for meeting 1 credit of the required 3 credits of physical education, which is required to graduate. I understand that I still need to earn 46 credits to graduate and the 1 credit of physical education I am opting out must be made up with an elective course in one of the following subject areas: English, health, math, social studies, or science.

Student Signature

Parent Signature

Coach's Verification:

- The student participated in either the junior varsity or varsity level sport for an entire season.
- The student was not out for more than two weeks for injury or illness during the season.
- The student did not have any violation of the Athletic Code resulting in a suspension from practice for more than a week and/or a suspension from two or more competitions during the sport season.

I verify the above statements are true for this student.

Guidelines for the Option of Waiving 1 credit of Physical Education:

Students may complete an additional one credit in English, health, social studies, mathematics, or science in lieu of one credit of physical education when they participate in a District sponsored WIAA-sanctioned sport or participation on the high school cheerleading team for at least 95% of the season. A required course or credit may not count for the one credit substitution course; the one credit substitution course must be in addition to the minimum graduation credit requirement for the English, health, social studies, mathematics, or science subject areas. Physical Education 9 and Physical Education 10 are required courses to which the one credit substitution cannot be applied. Participation in the sport itself does not constitute a course and does not qualify for any high school graduation credit.

Other Criteria for Participation in the PE Waiver:

The following criteria must be met for participation in a sport to be eligible for substituting an English, social studies, mathematics, health, or science course for one-half credit of physical education:

- The student must participate in a junior varsity level or varsity level sport for an entire season during Grade 11 or the fall season of Grade 12.
- The student must submit to their counselor a verification form confirming regular attendance at practices and participation in competitions no later than two weeks after the conclusion of the season.
- The student must not have been out for more than two weeks for injury or illness during the sport season.
- The student must not have had any violation of the Athletic Code resulting in a suspension from practice for more than one week or a suspension from two or more competitions during the sport season.

Note: The term "week" means 7 calendar days.

GUIDANCE OFFICE USE:

_____ Counselor initial/date after review of
completed request.

_____ Guidance initial/date when recorded in the student's
record.
